CREATING SMILES AND BUILDING TRUST

At 3D Care Solutions you will experience excellent care as a client that will positively impact your life and that of your family. Our mission is to deliver compassionate care solutions and empower individuals to maintain independence, dignity, and quality of life in the comfort of their own homes or otherwise. We are dedicated to providing exceptional home care services that prioritises the well-being and comfort of all clients.

THOSE WE SERVE

We understand that each individual has unique needs and preferences and our goal is to ensure that every client receives personalised care tailored to their needs. Our dedicated homecare team are committed to ensuring clients feel relaxed and happy.

Our personalised care services also support our clients with their daily living activities, which they would normally undertake for themselves but are unable to due to illness or a physical disability. We provide care solutions to assist individuals who are aged 65 and above with physical or sensory impairment needs.

AGED PERSONS

YOUNG ADULTS

Our services are also extended to young adults with physical disabilities, sensory loss and learning disabilities who may need support in their homes.

SPECIALISED SERVICES

Dementia Care

We provide dedicated dementia care to people in the comfort of their homes.

Palliative Care

We provide a specialist palliative package care to clients in need of this care package.

Sensory Impairment

Our staff are trained to offer specialised services for individuals faced with sensory impairments (visual or hearing). Our assistance enhances their well-being.

Escort to Hospital or Day care

Our caregivers assist clients to make transport arrangements for hospital appointments or to attend day care facilities.

SPECIALISED SERVICES

Rehabilitation Support

If you are recovering from surgery or any accident, we are able to provide a tailored-rehab care until you are able to get going again.

24 hour care

We offer round the clock support to all our clients whether they prefer to remain at home or go out to a day care facility.

Parkinson Support

Our team of dedicated carers are able to provide personal support that slows down the progression of Parkinson symptoms.

Shopping and Cleaning

Our committed team of caregivers can also help with shopping and cleaning to maintain a clean environment to promote the well-being of our clients.

SPECIALISED SERVICES

Community Access

We provide regular exercises for our clients within reason and based on their identified needs. We take our clients out on supervised structured walks and outings to community venues such as, Local libraries parks, Seaside, Museums, Garden centres, Amusement parks among others.

Live In Care (Day and Night Services)

We provide round-the-clock live-in care to support our clients c We offer a personalised client-cantered care solution where we will be led by your goals and wishes and together find a package that works for you.

Day sit-in and Night Stay Services

We also offer overnight or during the day Stay-in services when your regular carer is taking a break or needs assistance with moving and handling duties ensuring you have the support you need at all times.

Commitment

We are dedicated to providing exceptional home care services that prioritises the well-being and comfort of our clients.

Compassion

With a team of compassionate caregivers, we tailor our services to meet the unique needs and preferences of our clients.

Collaboration

Our collaborative approach involves working closely with clients, their families and healthcare professionals to develop a unique and comprehensive care plan for the best outcome.

**DEDICATED
VALUES**

EXCEPTIONAL PILLARS

PROMOTING CLIENTS' SATISFACTION

Personalised Care and Support that meets the unique needs and preferences of each client. This involves conducting thorough assessments, developing personalised care plans and involving clients and their families in decision-making processes.

Ensure Health and Safety of clients by providing a safe environment, adhering to infection control measures, managing medication effectively and addressing any risks or hazards within the client's home or centre.

COMMITMENT TO QUALITY AND EXCELLENCE

Ensure continuous improvement in the quality of care provided through ongoing staff training and development, monitoring and reviewing care plans, gathering client feedback and implementing improvements based on lessons learned.

Ensure the well-being and professional development of staff by providing a supportive work environment, offering training opportunities, recognizing and rewarding achievements and promoting a culture of teamwork and collaboration. Meeting regulatory requirements and adhering to industry standards.

EMPOWERING CLIENTS WELL-BEING AND DEVELOPMENT

Empower clients to maintain their independence and dignity to the fullest extent possible. This may involve providing assistance with daily activities, offering mobility support and encouraging clients to participate in decision-making and self-care.

Enhance Quality of life for individuals receiving care. This includes promoting their independence, well-being and overall happiness.

TEAM

With a team of compassionate and skilled caregivers, we strive to make a positive difference in the lives of those we serve.

Our team selection prioritises excellence and a team-oriented approach to deliver the highest standards of care. Recruiting the right people is a fundamental part of our success. Our care teams are not only knowledgeable, skilful and experienced in the ways of best practice but are also empathetic, warm, compassionate with excellent listening and communication skills with a genuine understanding of service users' unique needs and requirements. As well as an in-depth induction programme, our care teams also receive specific training to reflect our client's personal needs.
